

Online Fixed Price Energy June 2018 v2

Terms & Conditions

SCOTTISHPOWER

1. Supplies of mains gas and/or electricity from ScottishPower under the Online Fixed Price Energy June 2018 v2 tariff ('Tariff') must be applied for from 11th November 2016 until the date when the Tariff is withdrawn by us. All applicants must be aged 16 years or over and must contract to pay, and continue to pay, for the energy supply under the Tariff by monthly Direct Debit, quarterly Direct Debit or online Debit Card and manage their account online.
2. Subject to Condition 8, ScottishPower guarantees that Online Fixed Price Energy June 2018 v2 prices will remain fixed until 30th June 2018.
3. If you cancel your Online Fixed Price Energy June 2018 v2 tariff by switching to another energy supplier before 30th June 2018 and the transfer to a new supplier is fully completed before 13th May 2018, we will apply exit fees. The current exit fees are £30.00 for electricity and £30.00 for gas. These exit fees will be amended if there is a change in the VAT treatment, or rate, at any time or times before 13th May 2018 by an amount equivalent to the applicable change in the VAT treatment or rate. These exit fees will not be applied if the agreement is cancelled due to a home move. However, you have the freedom to move to an alternative ScottishPower tariff at any point without paying any exit fees.
4. ScottishPower will write to you before the end of the Tariff to let you know what will happen next. We will, unless you choose another option, move you to our Standard tariff prices for your payment method. Alternatively you may want to choose another of our tariffs. At the end of the tariff you will also have the option to cancel your contract with ScottishPower without being required to pay exit fees.
5. The prices you pay as a Tariff contract customer will replace any mains gas and/or electricity prices which you may currently pay. These prices can be reviewed in our Online Fixed Price Energy June 2018 v2 Pricing Leaflet PDF in the Gas and Electricity Tariffs section.
6. The obligations on ScottishPower under the Tariff and these terms and conditions will not come into effect until we have been registered as the supplier of mains gas and/or electricity to the property.
7. If you leave the property to which this Tariff applies, you will not be able to transfer this current Tariff to another property. However, you will be entitled to apply for any version of this Tariff that is available when you move property.
8. ScottishPower will meet the Tariff's fixed price guarantee unless it is prevented from doing so by the actions or requirements of any governmental, statutory or licensing authority.
9. If you pay by Monthly Direct Debit and fail to make a payment to ScottishPower under this payment method when it is due, we shall be entitled to transfer you to an appropriate cash payment method on this tariff. This will increase your unit rates by 1.351p per kWh for electricity and 0.306p per kWh for gas (both inclusive of VAT). If you have more than one unit rate for electricity, each unit rate will increase by the same amount. If you pay by another payment method and fail to make a payment to ScottishPower under your payment method when it is due, we shall be entitled to transfer you to an appropriate cash payment method on our Standard tariff. To see how this could affect you, please visit www.scottishpower.co.uk and review our current Standard Domestic Prices PDF in the Gas and Electricity Tariffs section. We will notify you of any changes to your payment method and prices should this be necessary.
10. These terms and conditions are in addition to the ScottishPower Gas and Electricity General Terms and Conditions for Domestic Customers, which can be accessed at <https://www.scottishpower.co.uk/domestictermsandconditions>

Tariff Notes

This Tariff is only available to customers who take gas and/or electricity, pay their bills by Monthly Direct Debit, quarterly Direct Debit or online Debit card, their electricity meter is either a single or two rate meter and who manage their account online.

If you're currently on a fixed term tariff that's due to end in the next 12 months, we've used your current prices and the prices you would most likely be transferred onto when your current tariff ends.

We have based your quote on information you have provided to us. If we become aware this is not accurate, we will advise you of the correct prices in writing.
